

Michael Morrow

Department of Mathematics, University of Kentucky
Office: POT 722 Email: michael.morrow@uky.edu Website: <https://michaelmorrow.org>

EDUCATION

University of Kentucky (Mathematics Ph.D. Program)

August 2019 - Present

Research focus: Computational Commutative Algebra

Advisor: Uwe Nagel (website: <http://www.ms.uky.edu/~uwenagel/>)

Central Washington University (B.S. Mathematics)

June 2017 - June 2019

Everett Community College

September 2015 - June 2017

ACADEMIC FIELD EXPERIENCE

University of Kentucky Graduate Teaching Assistant

August 2019 - Present

Kittitas Valley Math Circle

September 2017 - June 2019

Explored mathematical problem solving with students, teachers and parents

Math Tutor (Everett Community College)

2016-2017 School Year

Tutored college students in Calculus 1-4 and Linear Algebra

UK Julia Robinson Math Festival 2019

ACADEMIC AWARDS

Eaves Fellowship Summer 2022

Dale and Mary Jo Comstock Scholarship 2019

CONFERENCES ATTENDED

Macauley2 Conference

Cleveland State University, May 2022

WARTHOG

University of Oregon, June 2022

Infinite-dimensional methods in commutative algebra

PRESENTATIONS

Mt. Stuart Math Seminar

“Perfect Subsets of the Unit Interval: Some Surprising Results about the Real Numbers”

Central Washington University, April 2019

See https://michaelmorrow.org/files/chipset_pres.pdf

Master’s Presentation

“Equivariant Gröbner Bases”

University of Kentucky, April 2021

See https://michaelmorrow.org/files/masters_pres.pdf

Qualifying Exam

“Finite Computation of Gröbner Bases for OI-Modules”

University of Kentucky, December 2021

See https://michaelmorrow.org/files/qual_pres.pdf

TEACHING - UNIVERSITY OF KENTUCKY

As recitation leader:

- MA109 College Algebra
- MA110 Algebra and Trig for Calculus
- MA123 Elementary Calculus
- MA137 Calc for Life Sciences
- MA162 Finite Math
- MA213 Calculus III

MISCELLANEOUS

OIGroebnerBases.m2

Summer 2022

A Macaulay2 package for computation in OI-modules over Noetherian polynomial OI-algebras

See <https://github.com/morrowmh/OIGroebnerBases>
